17th Annual Contemporary Issues in Trauma Nursing
Friday, May 2  •  8 a.m. to 4:30 p.m.
Best Western Sterling Inn • Banquet & Conference Center

Sponsored by: Beaumont Health System
Divisions of Critical Care Nursing and Trauma Services
Department of Emergency Center Nursing
Objectives:
• Develop an understanding of the teamwork principles and individual responsibilities of Team STEPPS that are critical to ensuring patient safety in the health care setting.
• Identify two advantages that extracorporeal support can provide during donation after cardiac death.
• Discuss two major mechanisms of traumatic injury in the adolescent patient.
• Recognize the medical sequelae and surgical treatment of crush injuries.
• Examine the complexity and multidisciplinary treatment of maxillofacial trauma.
• Describe appropriate utilization of air transport for the trauma patient.
• Familiarize the participant with current trends in the care of trauma related injury.

Target Audience
This course is intended for staff nurses, nurse managers and educators practicing in the area of trauma nursing and critical care, and pre-hospital providers.

For information regarding the conference, please call 248-898-0356.
