Target Audience:
This course is intended for physicians and other healthcare professionals whose primary focus is in the assessment and treatment of cardiovascular emergencies.

Course Pre-Requisite:
A pre-requisite for the course is a current American Heart Association BLS certification. A copy of a valid AHA BLS card must be provided with course registration.

Course Objectives:
Participants attending the Advanced Cardiac Life Support course will:

1) Increase their ability to treat cardiac arrest situations, cardiac arrhythmias and acute myocardial infarctions
2) Qualify for certification in Advanced Cardiac Life Support by the AHA

Upon successful completion of written examination and performance testing, participants will be certified by the American Heart Association as ACLS Providers.

On-Line Training:
Registrants completing on-line testing must submit $100.00, a copy of a current AHA BLS Card, copy of the on-line test completion and attend all of day 2 of the provider course. The American Heart Association’s “HeartCode ACLS Anywhere” is the only on-line computer program that Beaumont recognizes.

Disclosure Statement:
All speakers have been asked to disclose any significant relationships they may have with commercial companies. These relationships will be disclosed prior to the course, if applicable.
